# SMART TECHNOLOGIES LEASING PROGRAM

## More technology for your budget

What if you could speed up decision making, upgrade your displays and balance your budget? The SMART Technologies Leasing Program is a simple way to get more collaboration technology and IT infrastructure, with less capital investment. SMART solutions connect remote workers and offices around the world. We make brainstorming with colleagues from anywhere as easy as meeting over coffee.

## Benefits of the SMART Technologies Leasing Program

-  Get all your collaboration technology and IT infrastructure from one vendor.
-  Avoid investing capital in collaboration technology.
-  Spread technology costs over a flexible term.
-  Receive all your collaboration technology at the beginning of your lease.
-  Refresh collaboration technology more often.
-  Add new technology under flexible terms.

# Get everything you need to brainstorm across borders with the SMART Technologies Leasing Program

## SMART Board 7000 and 6000 Pro® series with iQ

On SMART Board Pro series displays, multiple colleagues can collaborate, share insights and take notes at the same time.

## SMART Board 2000 Pro® series

With non-touch design and built-in wireless screen sharing, the 2000 series makes it easy for colleagues to share everything to the display from phones, tablets and laptops.

## 1-YEAR SMART Meeting Pro Software subscription included

This powerful collaboration software allows colleagues to create and capture ideas in the virtually unlimited unbound workspace.

### SMART Podium™ 624

Illustrate concepts. Take notes with a pen or finger.  
Project on to large displays while facing your audience.

### Accessories

Classroom amplification systems. Document camera.  
Electric height-adjustable mobile floor stands and more.

### Even More

Laptops. Cloud services. IT infrastructure. Your SMART solutions Lease can include all of the hardware you need.
