11 reasons to love Lumio

6 Self-Efficacy

Help students track their goals to success. Use Lumio's page templates and Infinite Cloner to put data-tracking in the hands of students.

1 Easy to Build Lessons

Start with content you have. Import Google Content, PowerPoints and PDFs and enhance them with games, ready-made graphic organizers & more.

7 Flexible Pacing & Grouping

Jump between multiple lesson modalities: teacher pacing, Student pacing, individual work, small group, and whole-class collaboration. Oh my!

2 Digital Manipulatives

Explore Lumio's library of ready-made manipulatives or create your own using our Infinite Cloner on a blank page, a Google Slide or even a PDF.

8 Edit on the Fly

Did a student catch a mistake in your lesson? Teachable moment? Need to review? Not a problem! You can edit on the fly without disruption.

3 Instant Feedback

With Lumio, giving feedback is a breeze. See students working in real-time and add notes, comments, and even digital stickers on the fly.

9 Accessibility

Ever need to repeat directions or feel the need to clone yourself? Use Lumio's immersive reader and audio support to save the day!

4 Game-Based Learning

Create a variety of games using Lumio's 12 templates in 5 minutes or less. Watch engagement rise as students review through game-based learning.

10 Student Agency

Put students in the driver's seat. Utilize Lumio's tools to add choice and voice to any lesson. Student-centered learning is made easy with Lumio!

5 SEL Connections

Checking in on your students' well-being is as easy as 1-2-3. Find ready-made resources in the Lumio Library to easily integrate into any lesson.

11 For All Grade Levels

Teaching emerging readers? Teaching elementary? Teaching secondary? Lumio is for all grades!
