SMART TECHNOLOGIES LEASING PROGRAM

More technology for your budget

What if you could improve outcomes, upgrade classroom technology and balance your budget? The SMART Technologies Leasing Program is a simple way to get EdTech grounded in the latest pedagogies, with less capital investment. Used in millions of classrooms worldwide, SMART solutions support the teachers who inspire students to develop skills and pursue their passions.

SMART

Benefits of the SMART Technologies Leasing Program:

Get all your learning technology and IT infrastructure from one vendor.

Avoid investing capital in learning technology.

Spread technology costs over a flexible term.

Receive all your classroom technology at the beginning of your lease.

Refresh learning technology more often.

Add new technology under flexible terms.

Get everything you need for active learning environments with the SMART Technologies Leasing Program

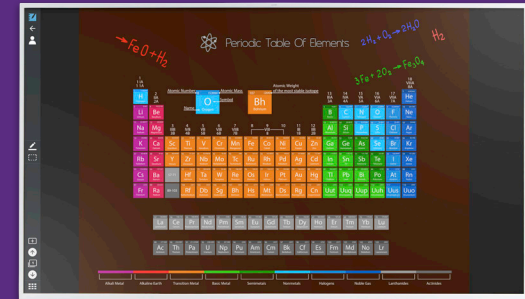

SMART Board® 7000 and 6000 series with IQ

On SMART's premium interactive displays, students are free to collaborate in endless ways, give separate answers and use different tools at the same time.

SMART Board® MX series with IQ

MX series is great fit for schools that need all the interactive learning essentials on a tight budget.

SMART Board® 2000 series

With non-touch design and built-in wireless screen sharing, the 2000 series makes it easy for students and teachers to share everything from phones, tablets and laptops.

1-YEAR SMART Learning Suite subscription included

Assessments, game-based learning activities, collaborative workspaces and the SMART Notebook® lessons teachers love.

SMART Podium™ 624

Illustrate concepts. Take notes with a pen or finger. Project on to large displays while facing your audience.

Accessories

Classroom amplification systems. Document camera. Electric height-adjustable mobile floor stands and more.

Even More

Laptops. Tablets. Chromebooks. IT infrastructure. Your SMART solutions lease can include all the hardware you need.

Contact your **SMART representative** for more ideas on how to enhance pedagogy with technology.
